

Department of Pathology

***GOVT. MEDICAL COLLEGE,
AURANGABAD***

Welcomes You...

■ INTRODUCTION ■

Pathology department is one of the key departments of the hospital as far as diagnostic services are concerned. It comprises of different sections like Surgical Pathology (Histopathology), Cytology, Hematology, Clinical Laboratory & Autopsy & Blood Bank. Pathology department is the link between the patient & doctor in the diagnostic & prognostic workup. As it receives the investigations from all the clinical departments it is the largest department of the institute.

Now a day department has also upgraded itself to provide the special investigations like immunohistochemistry, Sickle cell laboratory etc. Apart from patient care the department is also involved in teaching MBBS, BDS, BPMT, Nursing, DMLT & P.G. students. There is a lot of research work going on in the department also. The hospital based death audit is regularly conducted by the dept. & the causes are discussed with the concerned department. In the interdepartmental work histopath of medico legal postmortems is performed by Pathology department.

MISSION

“To provide prompt & quality services in diagnosis of the patient & to help students in gaining knowledge, acquiring skills & developing attitudes.”

VISION

The vision of the department is to provide high quality laboratory & services & get them accredited. And to provide excellent teaching facilities for the U.G. & P.G. students. Upgrading the department & establishing speciality services like Flow Cytometry & Cryostat.
